

MASTAN

QA Automation Engineer

↳ +917702670690 @ sdet.mastan@gmail.com

SUMMARY

Automation Test Engineer with 8+ years of comprehensive experience in software quality assurance including 5+ years specializing in test automation. Expert in Selenium, Java, TestNG, and CI/CD integration within Agile/Scrum environments. Skilled in designing, developing, and maintaining robust automation frameworks for web. Improved test coverage, reduced defects, and accelerated release cycles through scalable automation solutions and continuous process optimization.

EXPERIENCE

QA Automation Engineer

Conduent Business Services Ind LLP

⌚ 02/2025 - Present ⚖ Hyderabad

- Reduced manual efforts by 70% and boosted deployment confidence by building a test automation framework
- Integrated automated tests with Jenkins/Azure DevOps CI/CD pipelines, cutting manual test execution effort by 30% and enabling faster go/no-go decisions for stakeholders

Automation Test Engineer

Infinite Computer Solutions

⌚ 08/2022 - 02/2025 ⚖ Hyderabad

- Developed Selenium WebDriver and TestNG automation suites for core product modules, reducing manual regression testing effort by 40% per release cycle
- Debugged and refactored existing scripts, improved test stability and execution speed
- Coordinated defect triage with developers and participated in Agile ceremonies to drive timely fixes

Test Engineer

Resulticks Digitals India Pvt Ltd

⌚ 01/2017 - 05/2022 ⚖ Chennai

- Built end-to-end Selenium WebDriver and TestNG automation for marketing platform modules and executed smoke, sanity and regression suites, increasing automation coverage to 80%
- Performed SQL-based data validations and logged/tracked critical defects to closure, improving data accuracy and reducing UAT defects by 30%
- Mentored junior testers on automation best practices and reusable Java methods

CERTIFICATIONS

ISTQB foundation level - certified.

katalon studio - certification
